

# Ever wondered what's it like to work in theatre?

Our work experience programmes are designed to give you a taste of what it's like to work with us. We're offering one week of hands-on experience in **three** core areas of our business:

Work  
Experience  
**Discover**

## Technical

Your time will be spent shadowing our expert theatre technicians overseeing how the magic of theatre really happens: observing how the lighting desk is programmed and operated and how the follow spot lanterns are used to highlight the actors on stage. There will also be the opportunity to see how the mechanics of the flying and counterweight systems are used to move scenery and the importance of tying a good knot!

## Commercial

The week will be split between the central team in Head Office and the Box Office teams in our venues. Our ticketing team are responsible for working closely with our show producers to ensure tickets are sold for the best possible prices, whilst providing top class customer service.

## Theatre Management

During the week working with the Theatre Management team you'll see what it takes to ensure the smooth operation of the theatre. Our theatre managers are responsible for making sure we operate commercially and safely whilst ensuring our audiences have the best experience.

Placements are limited and are only available to young people who are 16 or older. If you're interested, please send an email to [recruitment@lwtheatres.co.uk](mailto:recruitment@lwtheatres.co.uk) outlining:

- which opportunity you're interested in and what attracted you to it;
- what you hope to get from the experience; and,
- any skills, extra-curricular activities or hobbies which may be relevant to the opportunity you're applying for.

We're also happy to accept video or audio applications!

Deadline for applications is **Friday 9th June**.

## Inclusion

At LW Theatres, we pride ourselves on being a family of individuals and actively welcome applicants from all backgrounds, experiences and skill sets – it's one of our core values and we believe celebrating our differences is key to success.

At the heart of our Company is a culture of inclusion where everyone feels seen and heard and can be themselves at work. Regardless of your background, and even if you have not worked in theatre before, all we ask is that you have the skills and experience required and the desire to succeed.

Successful students will be given an allowance to cover food and travel costs - we don't want there to be any barriers to participation.
